

ATS SYNC INTEGRATIONS

Save time and attract more candidates by securely connecting your ATS with Indeed

ATS Sync is a suite of integrations that seamlessly transfers job and candidate data between your Applicant Tracking System (ATS) and Indeed.

Streamline your hiring process

- + More automated features, less manual data entry
- + Job posts are always synced & up to date
- + Your system of record stays updated automatically
- + Helps you maintain compliance¹

ATS Sync currently powers
320+ ATS platforms, benefiting
114k recruiters worldwide

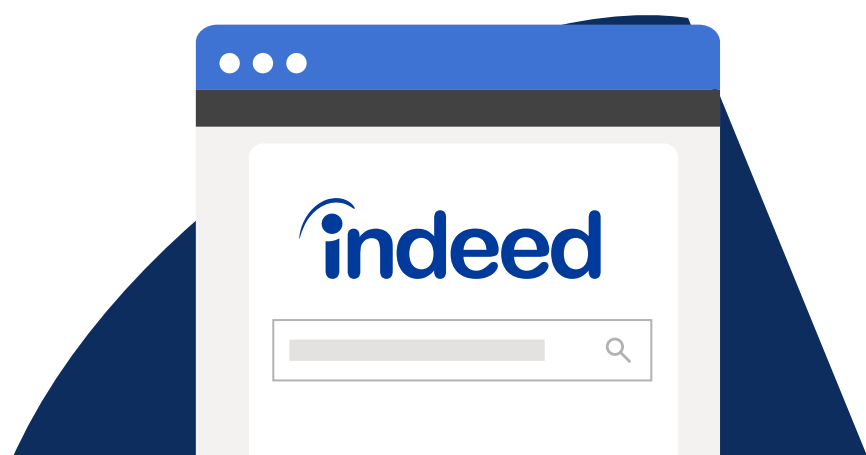

Get up to

5x

more completed
applications²

- + Mobile-optimized for job seekers to easily apply from any device
- + Simplified application process reduces candidate drop-off
- + ATS candidate application status automatically updates Indeed

How it works

Jobs posted on Indeed

Candidate Sync

When you post a job directly on Indeed, you'll link it to your ATS job request. All your Indeed candidates will be transferred to your ATS automatically.

Jobs posted on your ATS

Candidate Sync

When posting a job listing on your ATS, your ATS jobs are surfaced on Indeed, your jobs are easily apply-able by candidates and all your Indeed candidates are synced to your ATS automatically.

Get started from [Integrations Hub](#) in your Employer Dashboard today

All features may vary depending on your ATS setup

¹ Applicable for Indeed Apply only

² Indeed data (WW), Tracking on non Indeed Apply applications may be limited
