

ATS SYNC INTEGRATIONS

Save time and attract more candidates by securely connecting Oracle Fusion Cloud Recruitment with Indeed

ATS Sync is a suite of integrations that seamlessly transfers job and candidate data between Oracle Recruiting and Indeed.

Streamline your recruitment process

- + More automated features, less manual data entry
- + Job posts are always synced and up to date
- + Your system of record stays updated automatically
- + Helps you maintain compliance¹

Get up to

5x

more completed applications²

- + Mobile-optimised for jobseekers to easily apply from any device
- + Simplified application process reduces candidate drop-off
- + ATS candidate application status automatically updates Indeed

How it works

Jobs posted on Oracle Recruiting

Indeed Apply Sync

Oracle Recruiting jobs are surfaced on Indeed, candidates can easily apply to your jobs, and all your Indeed candidates are synced to Oracle Recruiting automatically.

Get started from **Integrations Hub** in your Employer Dashboard today

All features may vary depending on your Oracle Recruiting setup.

¹ Applicable for Indeed Apply only

² Indeed data (worldwide), tracking on non-Indeed Apply applications may be limited
